• Oracle Supply Chain Management Cloud Partner

Key Clients

Department of Defense, Department of Health & Human Services: Indian Health Service (IHS), Bureau of Indian Education (BIE), Las Vegas Paiute Police Department, Pueblo of Sandia Police Department, Comanche Nation Police Department.

Past Performance
Indian Health Service / DoD

Indian Health Service provides a comprehensive health service delivery system at over 1000 locations for approximately 2.6 million American Indians and Alaska Natives who belong to 574 federally recognized tribes. Our team supports IHS logistics by providing and managing a 130,000 sq ft. logistics facility in Oklahoma City for the National Supply Service Center (NSSC) and its digital transformation; implementing physical security, cybersecurity, and Oracle's supply chain management software along with custom development to transform operations and gain total visibility. Natuv also provides numerous IHS area offices with IT solutions including servers and computers.
